

TCMATIC ITC

TCMATIC ITC is a high performance transfer case fluid for Integrated Transfer Case cases applications of Magna Powertrain. Based on synthetic base fluids TCMATIC ITC is a high performance transfer case fluid for fill-for-life lubrication under most severe operating conditions.

Performance, Features & Benefits

- Very good oxidative stability
- Excellent low temperature fluidity
- Very good thermal properties
- Very good shear stability
- Very good friction stability
- Very good antifoaming properties

Protect the environment

- Take used oil to an authorised collection point. Do not discharge into drains, soil or water.

Applications

- TCMATIC ITC is exclusively approved by Magna Powertrain for special integrated transfer case applications.

Specifications, Approvals & Recommendations

- Release part number: L073000120

Typical Physical Characteristics

Properties			Method	TCMATIC ITC
Kinematic Viscosity	40°C	mm ² /s	ASTM 445	32
Kinematic Viscosity	100°C	mm ² /s	ASTM 445	6.8
Dynamic Viscosity	-40°C	mPas	DIN 51398	7500
Viscosity Index		-	ISO 2909	170
Density	15°C	kg/m ³	ISO 12185	836
Flash Point COC		°C	ISO 2592	220
Pour Point		°C	ISO3016	-54
